MINUTES OF THE PUBLIC CONSULTATIONS

As noted down on 29 May 2007, at the premises of the Provincial secretary for environmental protection and sustainable development during the approval procedure of the Environmental impact assessment study of the project central waste water treatment plant of Vrbas and Kula, at cadastral lots no: 2412, 2413 and 2406, cadastral section Vrbas.

The following persons were present:

1. Knezevic Natasa – Advisor of the provincial secretary for environmental protection and sustainable development
2. Olivera Vucinic – Advisor of the provincial secretary for environmental protection and sustainable development

The minutes were started at 12 o'clock.

The Investor PC ``Directorate for construction`` in Vrbas, 89 Marsala Tita Street, requested from this Institution, on 10 April 2007, the approval of the Environmental impact assessment study of the project central wastewater treatment plant of Vrbas and Kula.

Upon public consultations with the stakeholders about the possibility to have an insight into the Study, within the deadline defined by the Law on environmental impact assessment (``OGRS``, No: 135/04), public discussion on the Study was scheduled.

All stakeholders can have an insight into the Study, between 27 April and 28 May 2007, containing data of the Investor, description of the location where the plant is to be constructed, environmental conditions, technical and technological description of the project, potential environmental changes and impacts, environmental protection measures, environmental impact monitoring program, as well as text and graphic annexes.

The public discussion was attended by the officials and also by Aleksandra Krtolica, associate at the environmental affairs, from the municipality of Vrbas.

The minutes were completed at 12.15.
